

Architecture for Humanity is a network of professional architects and designers united by our desire to use our skills for the common good. We connect communities in need to development resources and professional design services and work side-by-side to overcome systemic problems and achieve sustainable prosperity. Help us use the power of design to improve lives.

Get Involved – Your Organization Can Make a Difference

You know that design matters. Help us prove it. Give designers in your firm the opportunity to apply their design skills to achieve immense social impact. Your participation can:

- Generate excitement and commitment to drive retention and recruitment
- Demonstrate the importance of design and designers to clients and the design community
- Expose designers to new projects types and markets that expand skills
- Enable your team to share work, gain recognition, and benefit others through the Open Architecture Network

Pledge your firm's resources.

End Of Year Giving & Employee Matching

Support projects that bring sustainable prosperity to communities throughout the world. Over 85% of donations are directed toward design and construction of innovative solutions. By giving to Architecture for Humanity as part of an end of the year giving campaign your firm can help us continue to bring design services to those in need. Get your employees involved by pledging to match their donations.

Sponsor A Designer

Whether rebuilding safer homes in East Biloxi, Mississippi, for residents displaced by Hurricane Katrina, or constructing a community center in India that uses solar power and rainwater collection to support the local economy, our talented and dedicated design fellows collaborate with communities to develop thoughtful, innovative design solutions to address urgent needs. Sponsoring a designer enables the realization of projects around the world from rough sketches to construction.

Mentor A Designer

74% of our 37,000 designers in 107 cities around the world are under 35 and 71% are women. Your firm's expertise and guidance can be critical to the development of these young designers, from providing access to materials to reviewing their designs.

Donate on Behalf of Your Clients or Employees

Demonstrate your shared commitment to social responsibility and sustainable design. A holiday tribute to your valued clients and hard-working employees takes on added meaning when it includes a gift to Architecture for Humanity in their names. [Make a donation now](#) and [download our holiday card](#).

Sponsor the Open Architecture Network

The Open Architecture Network is the first platform to offer architectural plans and drawings freely on the web. The site is also home to our annual [design challenges](#). Next year's challenge: to rethink portable classrooms. More than six million children in the U.S. alone spend the better part of their days in portable classrooms.
